

Write your story

- Ask your students to write the numbers 1 – 6, but in another order, e g 4 2 3 6 1 5.
- Tell them to write the words/expressions below after the correct number:
 1. leather handbag
 2. at midnight
 3. What are you doing?
 4. cousin Mary
 5. in the kitchen
 6. light blue
- Now they have to write a story using the words/expressions in the order they have them.

Since the groups/pairs/individuals have the words/expressions in different orders the stories will be different.
